## HELUNA HEALTH: HEALTHY, STRONG COMMUNITIES FOR ALL

For more than 50 years, **Heluna Health** has improved the health and well-being of people living in under-resourced communities and vulnerable circumstances in California and beyond. **As a national nonprofit leader, we are building a world where all people have access to the critical resources they need to live healthy and productive lives.**

### OUR IMPACT

**Heluna Health** partners with government social service agencies, academic institutions, and hundreds of diverse community-based organizations to optimize services and strengthen health interventions. Together, we are reversing the underlying conditions that currently hinder health equity. Heluna Health's innovative population health interventions, best practices, and whole-person model of care enhance disease prevention, infant and maternal health, community preparedness, housing security, mental healthcare, and more. **We empower partners with values-driven opportunities to join our vision to end health disparity and create healthy, strong communities for all.**

## SKILL BUILDERS: CULTIVATE A MISSION-DRIVEN WORKFORCE

Providing expertise and cultivating a mission-driven workforce is critical to improving community health outcomes.

**Heluna Health's Skill Builders** is building an online learning experience designed to deliver professional development for those in population health, social services, and community health sectors, beginning with a **Community Health Worker (CHW) Program launching in January 2023.**

## HEALTH EQUITY CENTERED

**Advancing health equity is central to Heluna Health's mission.** Our dedication extends to delivering quality education and providing professional pathways for a community-connected public health workforce that is vital in advancing health equity. We take pride in leveraging our decades-long expertise to inspire, advance, and activate culturally-responsive professionals to improve the health outcomes in the communities they serve.

COMMUNITY HEALTH WORKER (CHW) PROGRAM

## AN INTRODUCTION TO THE CORE COMPETENCIES OF A COMMUNITY HEALTH WORKER

Our on-demand online training will cover core competencies essential to CHWs to bridge the gap between vulnerable communities and healthcare systems. It will be designed specifically for individuals looking to work in the field of community healthcare advocacy for the first time, as well as those already established in the field and looking to sharpen their professional development and workforce skills.

## CUSTOM TRAINING SERVICES

**Skill Builders** is also equipped to help organizations deploy their proprietary employee training and compliance training programs more efficiently to their workforce. **Skill Builders** utilizes a robust learning management system to help identify gaps in knowledge, monitor progress, and produce learner dashboards – all designed to simplify and meet your training needs more efficiently.
